Most small businesses are not losing customers because their offer is bad.

They are losing them because nobody follows up fast enough.

Campaign Name: New Customers In 30 Days

Business Type: Marketing Software

Target Audience: Small businesses that want more customers

Our strategy and software contact prospects, follow up automatically, and help turn interest into paying customers within 30 days.

You are probably sitting on leads right now that would buy if the right message hit them at the right time.

One business owner used this system to stop manually chasing prospects and finally started getting new customers without guessing every week.

If you do not get a new customer in 30 days, you do not pay.
